

30th September 2024

Dear Parent/Guardian

With the next set of Year 11 mock examinations approaching in November, it is important to take the time to send a reminder of our weekly intervention sessions that are available in school for Year 11 students to utilise from 3.00 pm to 4.00 pm.

The below table sets out the times that are available across the core qualifications. We have seen dramatic improvements in students that regularly attend these weekly sessions and would encourage all students to attend.

| | |
|-----------|---------|
| Monday | English |
| Wednesday | Science |
| Thursday | Maths |

All sessions last for one hour, with pizza available for those that attend. We hope to see all the students there as they prepare for their important examinations next year.

Yours faithfully

Mr Murphy
Assistant Principal
